## Wall Sconce 4110-W-2

The French Baroque Family

Inspired by late French Baroque this wall sconce is made from highly ornamented cast brass. The exquisitely gilded surface gives it the typical precious expression of other works from this style. Through its small size it can be used in almost any location. The mirroring surface in the back not only doubles the light output but also creates the impression of a small alcove in which the lantern is placed. This can be used to enhance otherwise too tight rooms to some extent.

Design: Historical, circa 1780; Baroque  
Material: Brass; Finish: Gold

W.: 24 cm, H.: 43 cm; Weight: 3 kg  
Lights: 2 candles; Max. Wattage: 120 W
