Ceiling Fixture 41735-O-5 "Hoffmann"

The Fruit Family

This is a very unusual interpretation of the Fruit theme. Here the renowned chandelier design by Josef Hoffmann was used to create a ceiling fixture. It is made from brass with a gold finish. The shades in the frames are made from opaque glass.

This fixture is then decorated with the usual colourful glass fruits to take away from the otherwise stern and geometric composure and give it a more playful character.

Through its flat shape this item perfectly adorns low rooms or can be suspended to decorate hallways or staircases.
