## Ceiling Fixture 41879-12 "Milano"

The Milano Family

The combination of a simple shape with exquisite decoration gives this ceiling fixture its special touch.

The shape was derived from the common "bag" chandeliers.

The decoration is taken from a classical chandelier from the Historism period. It consists of a double belt of cast brass ornamentation. In between those bands precious cut crystals are set to enhance the glint of light from the inside. Garlands from crystals further highlight the belt.

The metal surface is treated with the unique kings gold finish which gives the fixture a demure brilliance.
