Wall Bracket 42321-3 "Milano"

The Milano Family

The combination of a simple shape with exquisite decoration gives this wall sconce its special touch. The shape is taken from the typical Milano Chandeliers conceived around 1900 and has a close resemblance of these fixtures.

The decoration is taken from the classical chandeliers from the Historism period. It consists of a double belt of cast brass ornamentation. In between those bands precious cut crystals are set to enhance the glint of light from the inside. The hand-polished lead-free crystal form the typical bag-and-tent with threaded chains.

The metal surface is treated with the unique kings gold finish which gives the fixture a demure brilliance.

Design: Lobmeyr, 2002; Historism

Material: Brass, lead-free crystal; Finish: Kings Gold

Special requests: Metal parts in different finishes

W.: 25 cm, H.: 40 cm; Weight: 4 kg

Lights: 3 x E14; Max. Wattage: 180 W
